

Knowledge Organiser:

Our topic is World War 1.

Our key question is: Why should we remember WW1?

By the end of the topic, we will

- know some of the causes of WW1.
- know which countries were involved and I can locate some of them on a map.
- know some key dates from WW1 and can place them on a timeline.
know the names of some important individuals from this period of history and can talk about what they did.
- be able to use a range of sources to research the conditions and experiences of people at war and at home.
- know some key facts about the Armistice and how it was celebrated.
- be able to identify some ways that WW1 changed the world.
- know how the local community commemorates those who died in WW1.
- know the significance of Remembrance Day and the poppy symbol.
- be able to discuss the importance of learning from history, and relate my learning about WW1 to modern day conflicts.

Science

Our Science topic is 'Light'. We will be able to

- plan and carry out an investigation
- make predictions based on scientific knowledge
- draw conclusions from results
