# **Nappy Changing and Toilet Training Policy**

### **Nappy Changing and Toilet Training Policy**

Brinsworth Whitehill Primary School acknowledges that all children develop and progress at different rates. Therefore in the area of toilet training we have many procedures in place to ensure that there are no obstacles for any child to face with regards to this issue.

- For children who are using nappies or pull ups we ask that parents/carers provide us with nappies or pull ups and wipes. This is so that we are maintaining consistency from home to school and to fall in line with the family and child's preference. The setting will provide nappy sacks and gloves. Nappies will be changed to fulfil the requirements of each individual child and their own routine.
- When you feel that your child is ready to begin toilet training please speak to your child's key person about how you are planning to introduce the potty or toilet to them. The team in the Foundation Unit will be happy to support you and your child through this important stage of development. When the process of toilet training begins you will be asked to provide spare clothes for your child for the team to change them into whenever necessary.
- This policy was written in September 2014, will be implemented from the 1st of October 2014, and will be reviewed annually or sooner, if any part of the policy procedures is implemented or whenever changes in legislation occur. If any changes are made to this policy parents and carers will be informed via a letter and information regarding the change being displayed on the parents' information board.
