

Year 6

On Thursday 30th September, the Year 6 children spent an exciting day at the Crucial Crew event organised by South Yorkshire Police and South Yorkshire Fire and Rescue service. The children took part in a range of scenarios including Internet Safety, Bus and Road Safety, First Aid, Arson, Fire in the home, Running away, Shop Lifting and Alcohol and Drug awareness. Each scenario had a serious message for year 6 children about making the right choices in life. They even got to experience what happens in a Magistrates Court if they make the wrong choices.

The Year 6 children are looking forward to their visit to Sherwood Pines on the 7th October when they will be learning more about woodlands and forests and doing some den building.

In literacy, we are discussing a real life situation - whether a new motorway service area should be built at J35 of the M1 on the site of an ancient woodland.

We are settled into our Maths group and have already completed 2 assessments to help us to identify gaps in our knowledge and set targets for progress over the year.

We are starting to think about our Residential visit to Whitby next July and getting excited about it – even though it's a long way off!

Class 3L/B, 3/4S & 3/4B

Harry Potter is our wonderful topic this term.

In our Literacy lessons we have used clips from the book and film to stimulate descriptions of the characters and mythical creatures.

This week we have started to research owls in order to prepare for our special visitor next week.

In science, we are learning about electricity and circuits. We know lots of electrical appliances and we are very intrigued about how a kettle works!

In music, we have been recalling and creating our own rhythmic patterns. We are great at thinking of patterns of claps and clicks for our partner to repeat.

In geography, they have begun work on Europe, knowing countries, capitals, land features and landmarks.

We are enjoying using the ipads in ICT to learn about coding.

Year 5

This term the topic in year 5 is "Into the Woods" and we have got off to a 'Fairy' good start! There have been witches, magic, princes and princesses, happy endings (especially in maths) and new beginnings.

Our visit to Sherwood Pines is booked for the 14th October where we will experience all the real magic the forest can offer.
