

## Knowledge Organiser Year 1/2 Farm Topic

### Main Subjects-

Science

### Key Vocabulary

Farm, animal, food, crops, arable, pastoral, life cycle, produce, plant, farmer, seed, stem, leaves, flower, roots, water, sunlight, seedling, habitat, diet, offspring/young, planting, fertilizing, harvesting, seasons, carnivores, herbivores, omnivores.

### Knowledge Questions

I can name 3 different types of farm.

I know that all our food comes from plants or animals.

I understand how some food go from field to fork and can describe this process simply (crops e.g. wheat-bread and animals e.g. cow-yoghurt).

I know what plants and animals need to grow and survive.

I can name the different parts of a plant.

I know the names/appearance/diet/habitat/produce of different farm animals.

I know what different jobs a farmer might do and how this links to the seasons.

### Skills

I can sort animals and plants according to different criteria.

I can order pictures to show an animal lifecycle or field to fork.

I can label the parts of a plant.

I can draw a map of a farm.
