

## Y4 MATHS LETTER

Hi Y4,

You have made it to the last week of maths home learning. Well done to all of you who have done your home learning every week. We are really proud of you and know how challenging learning at home has been at times.

This week we are focussing on money. You will be totalling and ordering different amounts of money in lots of different ways. There are some videos you can watch to support you along the way. Remember to send your maths learning to your teachers:

[lhanson@brinsworthwhitehill.org](mailto:lhanson@brinsworthwhitehill.org)

[tkane@brinsworthwhitehill.org](mailto:tkane@brinsworthwhitehill.org)

There are lots of activities on Education City to support your learning and keep up your multiplication practise each day using TT Rockstars.

Take care and have a lovely (and safe) Summer!

xx
