

Y4 Writing task 4

Think of another 6 questions of your own to ask? Use the example to help you.

Use the space below to plan your eye witness account. Imagine you are an interviewer visiting Aunt Sponge and Aunt Spiker and interviewing one (or both!) of them. What questions could you ask about the giant peach growing in their garden? Next week, you will be using this eye witness account to write a newspaper article, so make sure your questions are appropriate for an interviewer.

The first question has been written for you as an example.

1. "What did you think when you first saw the peach?" asked the interviewer.
