<p>Background and Context</p> <p>The PSSP was introduced from April 2013 to help schools improve the quality and breadth of their physical and sport education. Schools are free to determine how to best use this funding with the expectation that there will be an increased participation by primary aged pupils in PE & Sport to help develop healthy lifestyles and reach the performance levels they are capable of. The grant for schools will make additional and sustainable improvements to the quality of PE and sport we offer.</p> <p>Following the Ofsted report “Beyond 2012” that identified the need for additional support in Primary Schools for the development of Physical Education & Physical Activities, the Department for Education in partnership with the Department for Health have invested £150 million in a national programme to improve the qualities of Physical Education. Each school has been allocated funding to deliver their own individual programme. From September 2013, inspectors will assess and report on how effectively this funding is being used to improve PE & Sport provision. The government has committed to extending the Sport Premium funding until the year 2023, at the increased capacity.</p>
