SIBLING SUPPORT GROUP

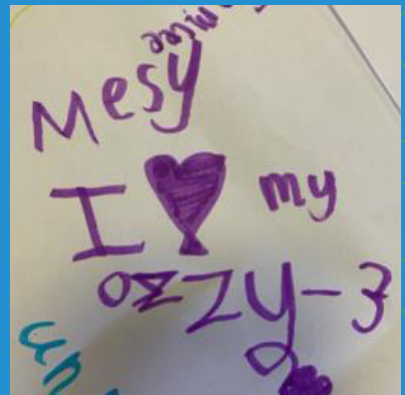

Who are we?

We are amazing individuals who attend Brinsworth Whitehill Primary School and we all have a sibling or close family member who has additional needs such as Autism, ADHD or other needs.

We took part in a group that allowed us to meet other children and siblings, who are in similar situations.

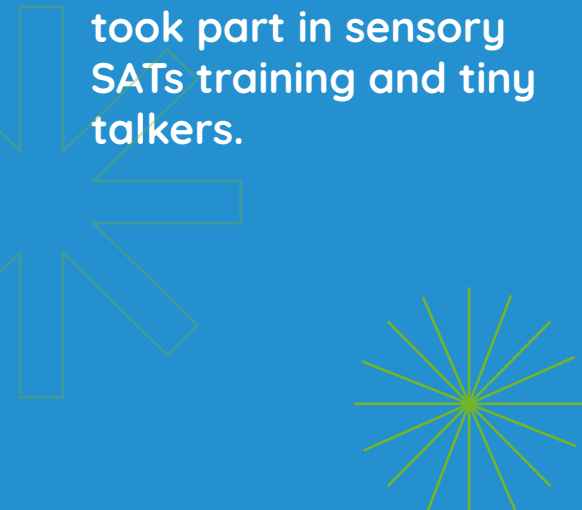

We share our thoughts, feelings, opinions and insights, as well as having lots of fun on the journey too.

SENSORY SATS TRAINING & TINY TALKERS

To support our students during the SATs period, our staff took part in sensory SATs training and tiny talkers.

Sensory circuits are short, structured, sensory-based movement routines that help children to self-regulate and promote a calm and alert state. Sensory circuits are an ideal way to energise a child or settle a child ready to learn and engage with the school day. Trials of Sensory Circuits for Y6 classes during SATs week have proven successful in supporting children to feel calm and focused with the exams ahead, they also support to ease anxiety and support with emotional regulation. Links were shared for parents to attend a training event too.

TRUST SEND MEETING

The Trust SENDcos met again this half term and are busy planning ready for next year!

To ensure SEND is covered in every training and staff meeting for the embedding of inclusivity for the children with additional needs, we have been creating support documents to help staff ensure quality first teaching and adaptations are made to support all children within our classrooms.

EVENTS

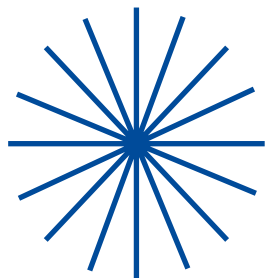

Mrs Ross attended some training at Abbey School around identifying different types of SEND and how to manage these effectively in a PE setting.

The focus was on sharing ideas of how to adapt any PE lesson to ensure that all activities are fully inclusive.

AUTUMN 1 – UP NEXT

From the start of the 23/24 academic year, we will be providing regular SEND updates on our website and social media channels.
