

## The Pride of Yorkshire is on its way!

### Dear parents,

Remember when Sheffield was taken over by a colourful herd of Elephants and a bright bunch of Bears? Well, the sculpture trail is back for 2026 – and this time it's even bigger!

Next summer, a Pride of lions, lionesses and cubs will take to the streets of Sheffield, Doncaster, Barnsley, and Rotherham, all in aid of Sheffield Children's Hospital. We're delighted that your child's school will be part of the **Little Pride**, helping to raise vital funds.

Back in 2021, the Bears of Sheffield trail raised over £1 million to transform the Oncology and Haematology ward at Sheffield Children's. This time, we're hoping to raise even more to continue supporting children and families who rely on Sheffield Children's.

### How it works

Your school has pledged to raise £950 for Sheffield Children's Hospital Charity. In return, the school will receive one of our 150 lion cub sculptures to decorate however they wish. Each cub will be displayed on the trail throughout summer 2026 before returning to its forever home at the school.

Every school will also have exclusive access to an education pack created by our education sponsor, Twinkl, full of ideas and activities to bring the trail to life in the classroom.

By taking part in the project, your school is helping Sheffield Children's deliver world-class care, investing in new facilities, equipment, and research that will transform young lives.

We hope you will support your school's fundraising efforts, whether that's donating, taking part in events, or helping to spread the word.

Together, let's make **Pride of Yorkshire** a roaring success. You can find out more about this roar-some campaign over on the website: [prideofyorkshire.org/](https://prideofyorkshire.org/)

Many thanks,

### Romy Heritage-Willis

Sheffield Children's Hospital Charity

We would love you to help create the design for our very own lion cub sculpture – a design that proudly represents everything special about Brinsworth Whitehill. Before you get started, have a think about what message you would like your artwork to share. What makes Brinsworth Whitehill amazing? How do you want people to feel when they find our lion on the trail: happy, inspired, wowed? We can't wait to see your creative ideas and the brilliant ways you show off our school spirit!
